

MEITAV CENTER

SECOND FLOOR (Stair & Elevator Access)

With approximately 200-300 SQM of prime venue area, this area is open to negotiation for a Boutique Hotel, stylish Bar / Restaurant / or Entertainment business.

Venues on this level will enjoy visibility both near and far!

The angled view to the busy streets permit maximum exposure for shop signage from several blocks away. This level offers an excellent opportunity for an outdoor based enterprise such as restaurant, ice cream parlor or coffee shop with an elegant balcony / gallery area.

As on the ground level, each venue offers the ability to be built in a 'loft' configuration to maximize product display area and increase client accessibility. Bathroom facilities are included in each venue; floor to ceiling glass front for maximum exposure!
